

Directions for submittal of digital images

Submittal must be made on CD's only (no email submissions). Any image submitted must accurately represent the body of the artist's work to be exhibited.

- **File Format:** Digital files must be JPG (jpeg) and PC compatible. No other format will be accepted.
- **File size:** Digital files should be no smaller than 250kb or 300dpi, and the longest edge of the image should be no smaller than 1024 pixels.
- **File Name:** Use the format, artist's last name, hyphen, and title of the submission (e.g., lastname-title.jpg). Please do not use quotations, periods, or spaces in file names.
- **CD submittals:** CD must contain the artist's name on both the actual CD and the case. Write the entry title(s) and your name directly on the front of the CD with a permanent felt tip pen. Please include your email address on the case. You may submit more than one entry on a CD. CD's will not be returned.
- **Tips:**
 - Set camera for its best resolution.
 - Only the image should be visible with no frames showing.
 - Do not copy an image from a website as the resolution will likely be insufficient.
 - Be certain to check the images saved to your CD for their quality.
 - Be certain to rename the image using the "file name" instructions above.
